NYC Selected Gallery Guide: September, 2023

Here are a few shows that stand out this month: Joan Snitzer at AIR in Brooklyn, Rebecca Morris at Bortolami, Leslie Smith III at Chart, Wade Guyton at Mathew Marks, Charline von Heyl at Petzel, and Sam Gilliam, Julian Schnabel, and Jules de Balincourt solos at Pace. We also got an announcement for a show of new Cady Noland sculptures at Gagolian in the 871 Park Avenue space. Is this a prank, we wondered (as we posted the news immediately on social media). A bunch of art fairs are in town this month, including the indefatigable Spring/Break Art Show. Art fair addresses, links, and dates are all posted at the end of the gallery listings. Summer's over everyone — welcome back.
