BEHIND THE LINES

I'M OBSESSED!
HOPE GANGLOFF

Hope Gangloff seems to channel Alice Neel, Egon Schiele and Gustav Klimt, but what I really love is how intimate each painting feels. It's as if I sitting right there with Hope's friends along with her bold patterns and details. Her latest work is up until March 23 at Susan Inglett Gallery in Chelsea and definitely worth a visit. See more of her work [here](#).
