Screw You looks back at the underground press in NY

In the late '60s and early '70s, publishers of pornography in New York teamed up with highbrow artists and writers to dodge the censors. The result: a range of tabloids and magazines featuring the scandalous work of well-known artists

such as Andy Warhol, Dan Graham, John Chamberlain, Carolee Schneemann, Yoko Ono, and John Lennon.

Screw You, a new exhibit at Susan Inglett Gallery, is a fond look back on those unique collaborations. Curated by David Platzker, a dealer of rare ephemera, the show takes

its name from the magazine that started it all—porn king Al Goldstein's tabloid *Screw: The Sex Review*—and includes publications such as the *New York Review of Sex and Politics* and *Kusama Presents an Orgy*, a soft-core porn and art periodical edited by the Japanese artist Yayoi Kusama. And speaking of Kusama, her sure-to-be-zany retrospective at the Whitney (945 Madison Avenue, 212-570-3600) opens July 12. *Through July 27, Susan Inglett Gallery, 522 West 24th Street, 212-647-9111, free ANGELA ASHMAN*
