One-Line Reviews: Our Staff's Pithy Takes On Gallery Shows

“Screw You” at Susan Inglett Gallery, 522 West 24th Street, May 31-July 13

Taking its name from the '60s countercultural sex mag, “Screw: The Sex Review,” this historical exhibition catalogues a wild, fascinating moment in art publishing where categorically NSFW artworks by the likes of Yayoi Kusama, Carolee Schneemann, Peter Hujar, Andy Warhol, John Lennon, and Yoko Ono lay between the sheets with meat-and-potatoes pornography. — *Chloe Wyma*
