Read Jessica Fuentes' *Peering Through the Female Gaze* for an overview of the exhibition.

From the Modern Art Museum of Fort Worth:

"*Women Painting Women* features 46 female artists who choose women as subject matter in their works. This presentation, international in scope, includes evocative portraits that span the late 1960s to the present. All place women—their bodies, gestures, and individuality—at the forefront, conceiving new ways to activate and elaborate on the portrayal of women."
